

NOW AVAILABLE FROM NIFTY PRODUCTS

NIFTY Products Plastic Strapping Kit (SEP48HD)

Replaces steel strapping for:

- Dumping half loads of lumber
- Strapping windows & doors
- Bundling trusses, pipes, ductwork, firewood
- Controlling equipment & components from one job site to another
- Moving loads of lumber with a forklift

Benefits over steel:

- Save \$\$\$'s – much less than steel
- Much lighter & more flexible
- Safer to apply and remove
- Protects – will not cut lumber

Kit contains:

1/2" x 7200' heavy-duty (500 lb) coil of strapping,
1000 each metal seals, a tensioner, a crimper –
all in a self-contained box for portability

**New merchandising makes kit jump off the shelf...
Great for contractor and professional sales...
High profit item to sell to customers!**
